

Call for Sponsors

The *Yeast in Bioeconomy Conference (YBC 2025)* will take place from **October 22–24, 2025**, in **Compiègne, France**. Organized by ESCOM Chimie/UTC (Compiègne, France), and IMDEA Energy Institute (Madrid, Spain), YBC 2025 focuses on leveraging yeast and microbial biotechnology to advance sustainable solutions across multiple sectors, including food, energy, pharmaceuticals, and chemicals.

The conference will offer an overview of the latest advancements in yeast-based biotechnologies, emphasizing innovation, collaboration, and sustainability. With sessions on strain engineering, fermentation technologies, downstream processing, and techno-economic analysis, YBC 2025 provides a unique opportunity for sponsors to connect with key players in this dynamic field.

We anticipate hosting **120–150 participants**, including researchers and industry professionals from around the world.

Sponsorship Levels

	Platinum	Gold	Silver
Price	€5000	€2500	€1500
Right to host a keynote session and/or product demo	✓		
Right to host a product demo		✓	
Logo, with link, on Conference homepage and sponsors page	Large	Medium	Small
Flyers/brochures/pens/pads/promotional material in all conference bags (supplied by sponsors)	✓	✓	✓
Free Registrations to conference	2	1	1
Stand/Table at the conference location	✓	✓	✓

Sole naming rights to one main event (Opening, Closing session, award)	✓		
Information about your company on Conference webpage	✓	✓	✓
Name/Logo on digital proceedings	✓	✓	✓
Opportunity to have company banner displayed at the conference	✓	✓	

Topics of the Conference

- Strain engineering for sustainable bioeconomy applications.
- Fermentation technology and bio-based compound production.
- Downstream processing, bioreactor design, and process scale-up.
- Techno-economic analysis, life cycle assessment, and industrialization.

Benefits of Sponsorship

By sponsoring YBC 2025, you will:

- Connect with leading researchers and professionals shaping the future of yeast biotechnology.
- Enhance your visibility and reputation within the global bioeconomy sector.
- Gain access to an audience of current and future leaders in academia and industry.
- Demonstrate your commitment to innovation and sustainability in microbial biotechnology.
